Breakout groups

Most of the event will be spent in groups discussing the topics below. Each group will be facilitated by an individual with experience in that area. Prior to the event, you will be asked to identify your preferred group.

1. Co-producing research: lessons from organisations which work with disabled people
2. Communication needs and challenges
3. Research questions and service user interests in an unequal world – how inequality might affect the focus of studies
4. Creating a positive environment for service user researchers
5. Working together from the beginning to end
6. Digital inclusion/exclusion
