

Beyond trials: the rise of pragmatic approaches to implementation science in health and social care research

Thursday 14 July - Morning Session

- 10:00 – 10:30** **Welcome and opening remarks**
Professor **John Øvretveit**, professor of health innovation, implementation and evaluation, Karolinska Institute Medical University, Stockholm and
Professor **Nick Sevdalis**, professor of implementation science and patient safety and Director of the Centre for Implementation Science at King's College London
-
- 10:40 – 12:25** **Parallel oral session 1:**
Delegates' oral presentations based on submitted abstracts stream A – C
Project Stream A Project Stream B Project Stream C
-
- 12:30 – 13:30** **Plenary lecture 1: *Why do policymakers not listen to your evidence, and is it their fault?***
Professor **Paul Cairney**, professor of politics and public policy, University of Stirling
Chair: Professor Rahel Naef
-
- 13:30 – 15:00** **Lunch**

Thursday 14 July - Afternoon session

- 15:00 – 16:45** **Parallel oral session 2**
Delegates' oral presentations based on submitted abstracts stream D – F
Project Stream D Project Stream E Project Stream F
-
- Vote for best oral presentation**
-
- 17:00 – 18:00** **Plenary lecture 2:**
Implementation of telemental health care during the Covid-19 pandemic
Professor **Donald M. Hilty**, professor and vice-chair of Veterans Affairs, Department of Psychiatry and Behavioural Science, University of California and
Dr Samantha Connolly, assistant professor of psychology, Department of Psychiatry, Harvard Medical School
Chair: Dr Brian Mittman
-
- 18:00 – 18:45** **Panel Session: *Developing capacity and capability for implementation research***
Panel: Professor **John Øvretveit**, professor of health innovation, implementation and evaluation, Karolinska Institute Medical University, Stockholm
Dr Shalini Ahuja, implementation science researcher, King's College London
Dr Marie-Therese Schultes, postdoctoral researcher, University of Zurich, Institute for Implementation Science in Health Care

Friday 15 July – Morning session

09:15 – 10:15 **Plenary lecture 3: *Implementation in the wild: three levers to support practice change***
Jill Francis, professor of implementation science, School of Health Sciences, Faculty of Medicine, Dentistry and Health Sciences, The University of Melbourne
Chair: Professor Nick Sevdalis

10:15 – 10:30 **Break**

10:30 – 11:45 **Rapid fire oral presentations (4 minute session)**
Session 1A Session 1B Session 1C Session 1D

12:00 – 13:00 **Plenary lecture 4: *Valuing patient engagement to implement meaningful interventions for antimicrobial resistance (AMR)***
Vanessa Carter, AMR patient advocate and consultant
Chair: Dr Shalini Ahuja

13:00 – 13:45 **Lunch break**

Friday 15 July – Afternoon session

13:45 – 15:00 **Rapid fire oral presentations (4 minute session)**
Session 2A Session 2B Session 2C Session 2D

Vote for the best rapid oral session

Meet the experts

15:15 – 17:00	Studying implementation mechanisms	Implementation in practice	Implementation study
15:15 – 15:50	Hybrid designs Dr Kim Goldsmith and Prof Geoff Curran	Policy practice with embedded research Dr Brian Mittman and Prof John Øvretveit	Teaching and learning implementation science Prof Per Nilsen and Dr Kristin Thomas
15:50 – 16:25	Evaluating complex interventions Prof Jane Sandall Drs Cristina Fernandez-Turienzo and Alexandra Ridout	Implementation and improvement science Prof Nick Sevdalis and Noushig Nahabedian	The importance of relational work in implementation research and practice Prof Annette Boaz and Prof Allison Metz
16:35 – 17:00	Studying mechanisms Dr Cara Lewis and Dr Byron Powell	The social processes of implementation: understanding the intersections of trust, power and equity Dr Julia Moore and Dr Sobia Khan	Using frameworks to guide implementation research theory and process Prof Greg Aarons and Dr Erika Crable

17:00 – 17:15 **Awards and conference closure**
