DEVONSHIRE DEMENTIA DAY CENTRE

Every day is special,
come and see why...

FUN • SINGING AND DANCING • ARTS AND CRAFTS

What We Do

We are a unique dementia specialist day centre providing care for day guests. Our dementia model is designed to meet the needs of people living with dementia in the community. With our day support, we are hoping people with dementia can continue to live in their own homes or with their families for as long as is possible. We realise families cannot always provide this support and also need a well deserved break, without feeling guilty.

Hours of Operation

We are open 365 days a year including bank holidays from 9am to 5pm (Drop-off at 8am can be arranged).

Our Dementia Model

We see the person living with dementia as being unable to process information as he or she once used to. The person is not able to store factual information, only feelings. These feelings can be triggered and cause anxiety, frustration, agitation and unpredictable behaviours. We try to calm the agitation and feelings and turn the anxiety into well-being. Our unique approach, thoughtful interventions and therapies are interwoven into the day's programme to increase comfort and create magical moments of joy.

We offer a range of activities and entertainment, as well as interventions to promote well being:
