<b>6.20–6.30pm</b>	<b>Presentation 2:</b> <b>Bringing care closer to 'home': Strengthening integrated palliative care in care home</b> <b>Presenters:</b> Dr Anna Bone, lecturer in epidemiology and palliative care, and Professor Catherine Evans, professor of palliative care, both King's College London  ARC researchers will discuss how they have developed new models of integrated community-based care to improve the quality of life for care home residents with advanced illness.
<b>6.30–6.45pm</b>	<b>Questions &amp; Answers (all)</b>
<b>6.45–7.20pm</b>	<b>Breakout sessions</b>
<b>7.20–7.25pm</b>	<b>Final reflections (all)</b>
<b>7.25–7.30pm</b>	<b>Final comments and thanks from the chair</b>

### Breakout session questions:

**Q1:** What are the most difficult challenges people are facing including managing multiple long-term conditions, in relation to accessing health and care services?

**Q2:** What social or psychosocial factors (e.g age, ethnicity, gender, language, socio-economic background, housing quality, lack of trust in the healthcare system) have influenced you/your family's/ patients' ability to access care?

**Q3:** How can ARC South London balance carrying out research prioritised by local communities, with research priorities identified by local health and care providers?
